STUDY SCHEDULE/DELIVERY MODE*

In all of our programs, you will build a timetable which combines 6 hours per week of online study and 14 hours per week of in-class study. The online study component includes exercises and resources to help with assignments and to provide foundational academic and learning skills.

Assessment Essentials during COVID-19 will be delivered both synchronously and asynchronously to help students meet their study and learning objectives.

In-class study schedules combine the core lecture with Assessment Essentials and PASS classes. You must attend both lectures, as each lecture covers different content.

- PASS classes are Practical Assessment Support Sessions. In PASS classes, you will meet with your trainer to discuss any questions you may have about study or assessments.

- Assessment Essentials sessions provide you with information required to successfully complete your assessment tasks, navigating common mistakes that cause re-submission of your work.
