IMPORTANT INFORMATION

GREYSTONE COLLEGE TRAINING FACILITIES AND RESOURCES

Greystone College campuses are fully equipped with all the resources and facilities required to successfully undertake this program including computer labs, software, free WIFI, photocopiers, charging stations, and student lounge. It is highly recommended you bring your own laptop (device) to enhance your campus experience. All course resources are available to students via their personal login to the Learning Management System (Moodle). Students can track their progress and academic success.

BOOTCAMP

Bootcamp is a free service designed to keep you on track. Juggling a busy lifestyle with study and work can be tough; our free Bootcamp program is available to help students catch up on assessments if they fall behind.

COURSE RESOURCES

The Online Course Resource Library provides students with informative links and information. Resources are easily searched by course unit or topic, and make your learning easier. On the Online Learning Management System (LMS), all class assessments, student work books, and extra resources that support class delivery are available for download. Test and assessment results are posted in student files. Students can use the LMS to message other students in their classes or their trainer if they have questions or want to connect.

ASSESSMENTS

All units studied in this qualification will be assessed in at least three different ways. Assessments will consist of a mix of quizzes, projects, case studies, presentations, and questions.

COURSE COMPLETION

Students obtaining a 'Competent' result for all units studied in a full qualification will be given a 'Qualification' issued by Greystone College. Students taking a short-term specialization or those who do not complete the full qualification will be issued a 'Statement of Attainment' for the units which the student is deemed 'Competent'.
